

July 2020

We hope you have been rejuvenated by the recent sunshine!

July was a very busy month at FACEmed as we reconnected with our community of patients since reopening in June. We hope that everyone is staying safe and following the government guidelines.

This month we are delighted to launch our Denplan Essentials package which allows you to spread the cost of your routine dental care with one simple and affordable monthly payment. We have also included an update on our current Infection Prevention Safety measures and as always welcome your feedback.

After a successful engagement meeting with the Care Quality Commission recently, we have been reassured that we are doing all that we possibly can to minimise the risk of contamination to patients, staff members and visitors. For more information on some of the general safety measures that we currently have in place check out our website facemed.co.uk.

As always we welcome your feedback. Please don't hesitate to contact FACEmed Registered Manager, Niamh Curley, with any queries that you may have bdm@facemed.co.uk.
